Library of Congress.

HAPPENINGS ABOUT CITY TOLD IN BRIEF

Dr. Louis E. Foulks, city health officer, has returned from his vacation spent at his home in New Jersey.

Mrs. Mary Louise Wilkinson and Miss Elba Walter, of North Braddock, have returned from a trip to Staunton and Natural Bridge.

During the month of August the city health officer reports there were fifty-seven births and twenty-three deaths in the city.

Mr. and Mrs. D. F. Young will leave Monday for Mantee, Florida, where they will make their home in future.

Miss Carmen Bender and Miss Bessie Davis will leave tonight for Atlantic City, to spend the next three weeks.

An automobile driven by John T. Evans of this city was struck Monday evening by a big army truck on the Camp Humphreys road and damaged to the extent of about $50.

Miss Geraldine Fairfax Davis has returned from a visit at Virginia Beach, and is now visiting her grandfather, Mr. Haywood Davis, at his home near Occoquan, Va.

Miss Virginia Appich, daughter of Mr. and Mrs. Charles H. Appich, formerly of this city, but now of Washington, who has been ill for the past four months with appendicitis, is rapidly recovering.

The primary department of the Methodist Protestant Sunday School was entertained by their teacher, Mr. Charles Jett last evening on the church lawn. Games were played dur ng the evening and those attending greatly enjoyed the affair. Refreshments were served.

The regular monthly meeting of the Relief Truck and Engine Company will be held at 7.30 o'clock this evening, at the truck house on Prince street. All members are urged to attend as business of importance will come before the meeting.

A total of 471 permits today were issued to colored girls and boys to attend the public schools. Permits to colored children will be issued tomorrow and this will end the work. The schools will reopen for studies Monday morning at 9 o'clock.

Mr. and Mrs. James Redfern are the guests of Miss Ellen C. McFarland. Mr. Redfern was formerly engaged in war work and for a while was the Knights Columbus secretary at Camp Humphreys. He is well known in this city.

Owing to the many accidents that have occurred recently on the Camp Humphreys road, the Fairfax county authorities have decided to begin a crusade against speeding on that road. The speed law for that section is twenty miles an hour and ten miles an hour at crossings.

Samuel W. Madden has sold to Robert Birchett a house and lot on the east side of Columbus between Washington and Gibbon streets. Mrs. Elizabeth Sisson has sold to Clarence W. Coombs and wife house and lot on the south side of Pitt between Franklin and Jefferson streets.

TWO FUNERALS

Funeral services for John A. McQuen and Joseph Langley, who died at the Edgewood Arsenal, Baltimore, were held this afternoon. McCuen's funeral took place at 2 o'clock at the residence of his brother William McQuen, 214 Queen street and was conducted by Rev. Dr. W. J. Morton, rector of Christ Episcopal Church and burial was in Bethel cemetery.

The funeral of Langley took place from the residence of his parents 330 North St. Asaph street and was conducted by Rev. O. P. Lloyd, pastor of the Second Baptist Church. Burial was in Union cemetery.

SPECIAL NOTICE—ICE CREAM PARLOR FOR SALE—Owner leaving city. Will sacrifice Box Y, Care of Gazette Office. 217-2c

MAIL ORDER CUPID SENT DARK GIRL TO WHITE MAN

York, Pa., Sept. 10.—Cupid played a shabby trick on Adam Stayman, of West York, and Bertha Osmont, of Cleveland, Tenn., when both discovered that no love is so blind as the mail order variety. Stayman some time ago replied to Miss Osmont's advertisement in a matrimonial journal, and, after a correspondence, at the conclusion of which he sent car fare, the bride-to-be agreed to come to York today.

Stayman was at the station, but failed to see any one he thought might be his sweetheart. Miss Osmont arrived on schedule time, but failed to notice any one she thought might be the man of her choice, so went to police headquarters for assistance.

A policeman found the waiting lover, and Stayman almost collapsed when he saw before him an ebony belle. He, a white man, never had even considered the possibility that the feminine seeker after matrimony was herself any other color. Miss Osmont was no less surprised, As she was without funds, employment was found for her and Stayman agreed to lose the amount of her car fare to York.

500 DIE IN ITALY, 20,000 HOMELESS

Rome, Sept. 10.—The Epoca estimates that the dead in the Italian earthquake exceed 500 and the homeless more than 20,000.

Another violent earthquake occurred in the Emilia district at 2.35 o'clock this morning, causing the loss of lives and much serious damage. The communities suffering most today were Reggio, Ospedaletti, Bussana, Toano and Cavola.

This morning's shock was more violent than that of Tuesday. The Emilia embraces the district between the Apennines and the River Po and is divided into the eight provinces of Pacenza, Parma, Reggio, Modena, Bologna, Farrara Ravenna and Foril. It covers an area of some 7,920 square miles and has a population of approximately 2,500,000 persons.

Melon's Heart Was Full of Hootch, And He Tried to Buy the Wagon Load

Nashville, Tenn., Sept. 10.—Strange influences were at work in the melon market today.

A farmer carted a load into Lebanon by mistake and sold one of the long striped variety intended for an exclusive clientele. The customer, who paid 50 cents, refused to return it thrice the price, though unaware it had been "plugged" and that the gurgle at its heart was in a quart battle.

An hour later the stranger returned and tried to buy the whole load, wagon and team included. He also sought to buy the courthouse from the judge, it was reported.

Prohibition officers also were active in the market.

Abandoned Tennessee Baby Not Theirs Coughlins Learn

Knoxville, Tenn., Sept. 10.—A baby abandoned at Morristown, forty-two miles east of Knoxville, early this morning by persons occupying a large touring car, is thought by Knoxville police and Hamblin county officials to be the Coughlin baby, kidnapped at Norristown, Pa., several months ago.

The baby abandoned at Morristown apparently, is about 2 years old, has light hair and blue eyes. It was heard crying in the Court House yard shortly after an automobile had passed through Morristown.

DIG FOR THREE FIREMEN AFTER $150,000 BLAZE

Detroit, Mich, Sept. 10.—Damage estimated at $150,000 was caused by fire today, in the building of the Wilson Body Company. The flames followed an explosion of naptha in one of the buildings.

Four firemen were buried, when a pile of timbers collapsed. One was rescued and police and firemen are now digging for the other three.

MOVIE STAR DIES IN PARIS

Olive Thomas, wife of Jack Pickford, and once heralded by the late Raphael Kirchner to be the most beautiful girl in America, died this morning in a Paris, hospital from the effects of poison. On Sunday she swallowed an alcoholic solution of bichloride of mercury.

BASEBALL

Alexandria High School field, Sunday, September 12th, 3 p. m. Dreadnaughts vs. Silver Springs. The visiting club is in the District finals championship series. 217-2c

QUOTA BROADER THAN COX CHARGED

Blair Says 54 Cities Were Selected for Intensive Campaigns For Funds

FENCING WITH REED

Witness Admits the National Committee Had Something to Do With Fixing Amounts Desired

Chicago, Sept. 10.—Confirmation of more of Governor Cox's charges regarding the Republican plans for raising large amounts of money for their campaign was supplied today before the Senate Investigating Committee by Harry M. Blair, assistant to Fred W. Upham, Republican National Treasurer.

Under sharp cross-examination by Senator Reed, Mr. Blair, who is the author of the famous "Form 101" which has figured so largely in Governor Cox's accusations, admitted that quotas had been fixed for funds to be raised in the larger cities, as the Democratic candidate asserted.

Governor Cox had listed 51 cities. The witness added three to this total Fund-raising devices of an intensive character had been planned for these cities, he said, and he admitted that the Republican National Committee had had a part in assessing the city quotas.

This evidence was drawn out in a lively session, in which there were some amusing exchanges between Blair and Reed.

John A. Kelly, State director of fund raising in Ohio, threw some light on methods employed in that State, admitting that he doubled the original State quota proposed ($650,000) and thus called upon his aids for a total of $1,300,000 without informing them that he wanted only half.

The amount actually raised in Ohio Mr. Kelly reported was $300.000, with $487,000 actually pledged.

"We will take all we can get, however," he said. "We wont stop at any figure if we can get more."

The grilling of Blair by Senator Reed began early in the day's session Mr. Upham's aid presented the substitute for "Form 101," which he had approved. This told of the campaign proposed in fifty-four cities. An examination showed that only part of "Form 101" had been read into the record and that the form, as originally drafted, also told of the special campaign in cities.

"Then if Governor Cox or anybody else charged that the Republicans had plans for intensive campaigns in fifty one cities, he was understating the case by three? commented Senator Reed.

The witness replied in the affirmative, but added that special local conditions had forced the abandonment of "intensive campaigns" in some cities.

Blair also identified as part of the original "Form 101" which was not included in the one read into the record the following paragraphs.

"Get five $10,000 subscriptions, ten $5,000 subscriptions, twenty-five at $2,000, fifty at $1.000, fifty at $500, one hundred at $250 and one hundred and fifty at $100."

This would total $260,000. Senator Reed tried to force admission that this form had been sent out or used, but Blair adhered to his original story of it having been rejected by the National Committee.

Questioned further about "quota lists," Blair exhibited three, all similar to the ones already exhibited by Treasurer Upham.

One, however, was pencil marked. He said that he had revised the original quotas suggested to him, raising Ohio from $384.000 to $500,000. Colorado from $48.000 to $100,000 and Illinois from $480.000 to $750,000.

"Don't you know that the quota for Chicago alone is $750,000' 'Senator Reed asked.

"I don't" was the reply.

"Well, we'll show that tomorrow," said the Senator.

Senator Reed and the witness clashed frequently. At one point the witness declared that some of the bulletins sent out by his office contained statements that he regarded as "Just bull."

"What is the difference between bull and the truth?" inquired the Senator.

"Bull is just expanded truth," was the reply, which caused a burst of merriment.

At another time Mr. Blair, speaking in appreciation of his own work, remarked:

"You can't hide your light under a bushel."

"And you can't ride it under a barrel," retorted Senator Reed.

Before Blair finally left the stand he was asked by Chairman Kenyon what he thought of Governor Cox's charges that the fund he was raising was to buy the electorate of the United States.

"I consider that the quintescence of insult to thinking Americans. Democratic and Republican," he asserted dramatically.

There was some talk late in the day of a move to transfer the inquiry to New York or Washington.

Seriously Injured

Miss Emma Hardbower Victim of Motorcycle Accident—Driver of Machine Also Hurt

Miss Emma Hardbower, twenty-eight years old, who lives in Fairfax county a short distance south of Alexandria, is in a critical condition today at the Alexandria Hospital as a result of being thrown out of the sidecar of a motorcycle driven by her cousin, Reece Hardbower, 19 years old, when the machine skidded on the Camp Humphreys road at 8 o'clock last night, colliding with a tree.

Reece Hardbower also is a patient at the hospital suffering from a badly bruised shoulder, his injuries, however, are not serious.

Miss Hardbower it is believed sustained a fractured skull, although this has not definitely been determined by Dr. S. B. Moore who attended both patients. In addition to the injuries to her head she also sustained a badly lacerated mouth, broken nose and numerous cuts and bruises.

The machine was completely wrecked when it struck the tree. Miss Hardbower was thrown a considerable distance, she occuping a seat in the side car.

Immediately following the accident which occurred south of Gum Springs six miles south of this city, the injured were taken to the Alexandria Hospital by Ward Stuart, who was passing in his automobile about the time the accident happened.

Near East Relief

Acknowledgement of $600.15 Collected Here for Work

Miss Elizabeth Snowden, treasurer of the Near East Relief fund, has just received an acknowledgement of the fund collected here for that purpose amounting to $600.15 from John W. Mace, assistant field secretary, with headquarters in New York, in which he thanks the donors.

Accompanying the letter is an extract from a report on the work in Samsoun as follows:

"A year ago we began with one building and fifteen children; now there are ten buildings and 311 children. During the first months practically all the children were sick, and the orphanage was really a hospital. The children here are now all well housed, well dressed and well fed, are receiving a good education and those old enough are receiving industrial training. The Armenian orphanage is almost a little town in itself with its workshops, gardens, farms, etc."

NOTICE TO ALL GAS CONSUMERS

The gas bills for September 1st, 1920, have now been delivered, and are payable on or before September 20th, after which date no discount will be allowed on any bill, and gas will be discontinued from the premises if bills are not paid by that date. This will be the only notice.

Fred W. Ebhardt
Clerk of Gas.
217-3c.

SPECIAL

Small smoked hams 38c lb. at F. C. PULLIN, Corner Queen and Royal streets. 217-1c

TEACHER OF EXPRESSION—Will open classes Monday, September 20th, those interested address Box 3,000, Gazette Office. 208-tf

BANDITS ROB BANK

Girl Tellers Held up and Six Men Take $1500

Canton, Ohio, Sept. 10.—The First National Bank, of Louisville, a village eight miles east of here, was held up and robber by six armed bandits at noon yesterday. They secured about $1500 after covering two girl tellers with revolvers.

The highwaymen made no attempt to open the money safe in the vault, although the latter was unlocked. They also overlooked several hundred dollars lying on the counters. A customer, who entered the bank while the thieves were in it was locked in the vault.

CITY TO BE EXPORT HUB OF BIG RUBBER COMPANY

Baltimore, Sept. 10.—Baltimore soon will become the exporting point for nearly $20,000,000 worth of rubber goods, through the selection of this city by the B. F. Goodrich Rubber Company, of Akron, Ohio, as its chief export center.

Announcement was made yesterday by the industrial bureau of the Board of Trade that the Goodrich company had decided to do most of its shipping from Baltimore. It also was announced that the company had leased from Daniel I. Broderick, for 10 years the property at 612-618 West Pratt street, which will be used as a site for the rubber exporting warehouse.

Had "Wet Grips"

Police Take Employer Who Visits Accused Chauffeur

William L. Lyons, proprietor of a taxicab company in Alexandria, Va., and Thomas Mitchell, colored, a chauffeur employed by Lyons, were arrested yesterday by Detective Stringfellow and Revenue Agent Stevenson and charged with violating the prohibition law. Mitchell was arrested when he came to the Union Station to get two suitcases which had been checked in the parcel room. Investigation, police say, disclosed fourteen quarts of whisky in one suit case and eight quarts in the other.

Mitchell told the police that his employer has instructed him to come for the suitcases. He was taken to the Sixth precinct station house, where he was charged with transporting liquor. Lyons was notified that Mitchell had been arrested and came to investigate. He was placed under arrest also. Both men were later released when they furnished bond of $500 a piece.

Mr. Lyons told the Washington authorities that the checks for the suit cases were given him by a man in Alexandria who was unknown to him, and that when he sent to Washington for the cases he was unaware of their contents, otherwise he would not have accepted the order to haul them to this city. It is understood that the case will be nol possed.

7 Typhoid Cases

One Hundred Per Cent Decrease Over Corrsponding Month Last Year

Dr. Louis E. Foulks, city health officer, reports that during the month of August there were only seven cases of typhoid fever in this city. In August 1919 there were fourteen cases and during the same month in 1918 there were twenty cases.

Two of the seven cases during the past month came from the outside, the patients being ill when they reached this city.

PAINTING PUBLIC SCHOOLS

Sealed proposals for painting the exterior of the City High School and roof of the Washington School and Annext will be received up to 4 p. m. September 18, 1920, at the office Lee School Building, at which office specifications can be obtained. The Committee reserves the right to reject any or all bids.

T. CALVERT PERRY,
Chairman committee on school houses
217-3t eod

NOTICE

This is to notify the public that we are not in any way connected with the G. G. Wolt, florist shop. Fresh flowers will be furnished from our greenhouses as heretofore.

Washington Floral Co.,
D. G. Grillbortzer, president.
209-30c

U. S. CRUISER PITTSBURGH AGROUND IN BALTIC SEA

Washington, Sept. 10.—The armored cruiser Pittsburgh is aground in the Baltic Sea three miles off Libau, on the coast of Courland. A report received at the Navy Department yesterday from Vice Admiral Huse, on board the Pittsburgh, did not indicate whether the vessel was in serious danger.

The report said the transport Frederick, now at Antwerp, had been ordered to proceed to the assistance of the Pittsburgh, after transferring to another transport her passengers, consisting chiefly of the Navy Olympic team.

No details of the cause of the Pittsburgh's grounding were given in the report, nor was it indicated how long she had been aground. The cruiser was proceeding to Reval from Danzig, where she had recently been sent at the request of the State Department. Marine charts show the existence of a rocky shoal near the entrance of Libau harbor and it is presumed at the Navy Department that the Pittsburgh grounded on this shoal while proceeding along the coast.

The Pittsburgh is the flagship of Vice Admiral Huse, commander in chief of American naval forces in European waters.

FOR RAILROAD CO-OPERATION

Appeal to Make Better Use of Railroad Equipment

An urgent appeal to the manufacturers and business men of Alexandria to join in a national movement to make better use of existing railroad equipment as a means of providing improved transportation service was made by the Railroad Committee of the Chamber of Commerce of the United States today through the Alexandria Chamber of Commerce.

The National Chamber's committee points out that the equivalent of more than half a million cars can be added to the car supply by closer co-operation on the part of all interests concerned with transportation.

SEVERE EARTHQUAKE

San Jose, Cal., Sept. 10.—An earthquake, the heaviest in years here, was felt at 8.57 a. m. today.

According to the Lick Observatory on Mount Hamilton, the direction of the quake was from east to west. No reports of damage have been received.

CHEMICALS MADE IN U. S.

Chicago, Sept. 10.—The German monopoly on rare chemicals has been broken, according to statements made today by Dr. H. T. Clarke, of Rochester, N. Y., before the Organic Division of the American Chemical Society, in session here.

Before the war, hundreds of the chemicals essential to laboratory work were made exclusively in Germany, Dr. Clarke said, but now 800 of these rare chemicals are produced in America.

Hanging Waits

W. H. Turner Granted Reprieve Until Federal Court Session

Richmond, Va., Sept. 10.—William H. Turner, colored, of Washington, who was to have been hanged at Henrico county jail here tomorrow morning for the murder of T. Morgan Moore, of Alexandria, on May 23, has been granted a reprieve until the October session of the United States District Court of Appeals.

Turner's attorneys obtained a writ of error which will be heard by the appellate body when it meets. The writ was based on contention by his attorney that the admission of testimony regarding the attempted lynchings of Turner while in different jails in northern Virginia warrants a new trial.

Early on the morning of May 23 Turner shot and killed Moore while he was sitting in his automobile near Highway Bridge with his fiancee Miss Pearl Clark, private secretary to Representative Fred A. Britten of Illinois. After killing Moore Turner attacked and robbed Miss Clark of her jewelry.

He was caught two hours after the crime by Sheriff Clements, of Arlington county and a deputy. Clements spirited him from the Arlington county jail the next day just a few hours ahead of a mob bent on lynching him.

BLAMES ALCOHOL FOR DEATH OF NINE

General Fries Believes Part of Drink Supply Obtained At Edgewood

SURVIVORS IMPROVE

Additional Case of Drunkenness Investigated and Found to be Due to Ordinary Hair Tonic.

Wood alcohol taken from an iron drum in one of the gas plants at Edgewood Arsenal was the probable cause of the death of the nine men and the illness of the other four who were in the illfated party Monday night at the arsenal.

Louis Kincade, a civilian employe, was treated for wood alcohol poisoning also yesterday, but found to have been drunk on hair tonic.

This is the preliminary conclusion of Brig.-Gen. Amos A. Fries, chief of the Chemical Warfare Service, in a statement made yesterday afternoon. It is his belief that the wood alcohol was used to supplement a supply of whisky brought into the Edgewood post from Timonium or Baltimore by members of the party who have died. The four survivors will be discharged from the hospital today.

Exoneration of the military authorities at Edgewood from any blame as to laxity in guarding supplies of alcohol at the arsenal is believed to be certain.

The military investigation is being conducted by a special board of three officers appointed by General Fries. Special Agent William Doyas is conducting the outside investigation under direction of Howard Boteler, head of the local office of the Department of Justice. A third investigation under the Edgewood civil authorities is being conducted by Justice Howard W. Lewis, who held the inquest on the nine deaths. Investigation is rendered difficult because the principals in the party are dead.

Among the civilian employes at the arsenal the belief persists that the men drank the denatured and poisoned grain alcohol which had been protected with armed guards and electrically charged wires until recently, but the investigators failed to find any evidence that this alcohol had been tampered with.

It developed that civilian employes entering the post are not searched, except when carrying packages or are under suspicion. Drunkenness among the civilian employes is dealt with by dismissal, according to Major Henry C. Gartner, acting commander of the post. When asked whether any other civilian employes had been missed, the Major said that it was impossible to keep check on the 700 constantly shifting laborers.

Major Gartner said that the bodies of Michael O'Leary and Lucius Nelson were shipped to relatives, O'Leary's being brought to Baltimore and Nelson's sent to Springfield, Mass. The bodies of James Davis, of Salisbury, and John Anderson, of Brooklyn, N. Y., will be shipped today. William F. Meyers, of Baltimore, will probably be buried in the post cemetery.

The official statement issued by General Fries in regard to the case follows, in part:

"The best information we now have was obtained from a man named Pettys. He took a drink, but not liking it spit most of it out. In his story he says that a man named McCuen, one of the first to die, gave him a drink; that McCuen and two others who had been in Baltimore on Labor Day, brought the liquor on the post; that they had a party and apparently ran out of the liquor which they had brought with them, but he could give no further information.

"Connecting the story of Pettys with what Davis says, it appears that the men might have gotten some additional wood alcohol from the iron drum in one of the gas plants.

"There is nothing further known about this occurrence and if the men did obtain anything on the post, it apparently came from the above mentioned drum of wood alcohol. That was known by all the workmen, including McCuen.

LADY NICOTINE'S FEMALE FRIENDS

"If women may vote, why should not they chew?" Thus Judge Kennedy—his name deserves to go down to fame—of the Municipal Court of Kansas City affirmed the principle of equal rights. A policeman had arrested on a charge of disturbing the peace a woman whom he had detected in the act of taking a plug of tobacco from her pocket and biting off a chew. But the judge dismissed the case with this unanswerable question. Is it not Lady Nicotine?

It is easy enough to see how a policeman, especially in Kansas City, might be shocked at the unaccustomed spectacle of tobacco between feminine lips. But clearly the only peace the offender disturbed was his own peace of mind. Had he been a less rigorous moralist, he would have regarded the proceeding in a jesting spirit. Unfortunately matters of taste and matters of morals are too easily confused in the American mind. The cigarette is banned by law in Kansas, and the influence of this outlawry may conceivably affect the community across the river in Missouri. Chewing tobacco may thus be regarded as the ultimate in turpitude.

Few women, presumably, will ever indulge in this habit, and those who more gracefully smoke cigarettes may continue in the minority. But it is plain that new definitions of what is distinctively masculine and what is distinctively feminine will have to be accepted. Public life may not change a woman's nature, but it is likely to change her habits. Thus the relations of the sexes will be in time almost imperceptibly, but still materially, modified. Women, no more than men, cannot have their cake and eat it. As political equals they must expect to endure other kinds of equality somewhat less pleasing.

WE ARE AN AMAZINGLY CARELESS NATION

In no country in the world is there so much law to protect life and property and in none is life so insecure as in our own. Insurance men in session in Chicago inform us that there are 11,000,000 injuries a year and 105,000 lives lost—mostly through carelessness. This is an amazing statement. That one person in ten is injured every year may be true, but necessarily the wounds are slight. That one person in every thousand has an accidental death is enough to make one shudder.

We had a million men in actual combat on the firing line in France during the war, but those killed and died from wounds were only about half of those annually killed by carelessness. Now we understand why accident insurance is so high. The underwriters in session are alarmed and of necessity are trying to reduce casualties from a purely selfish point of view.

A few years ago a campaign of "Safety First" was inaugurated and was supposed to accomplish a great deal. Evidently it has not gone far enough, since the loss is wholly unreasonable on the basis of normal watchfulness. Daily, and especially Monday mornings, the newspapers contain long death lists from various accidents, and it is impossible that many of these cannot be the result of criminal carelessness.

We are a strange people. We are strong for law, but we have more deaths from accident and more losses by fire than any other civilized nation, even on a pro rata basis. Napoleon is once reported to have said that the only cheap thing in the world is human life. Apparently we are proceeding on that principle and we need to reform.

SPECIAL NOTICE

The annual meeting of the stockholders of the Braddock Light and Power Company, Incorporated, for the election of directors and the transaction of such business as may properly come before said meeting, will be held at the office of the Company, Alexandria National Bank Building, Alexandria, Va., Tuesday, September 21, 1920.

S. R. Bowen, Secretary.

217-10c.

IN MEMORIAM

In sad but loving remembrance of our husband and father, Joseph A. Hardy, who died two years ago, September 6, 1918.

The month of September once more is here,
To us the saddest of the year,
Because it took from us the one we love so dear.
But your memory is as dear today
As in the hour you passed away.

Gone but not forgotten.
By his widow and daughter.

217-1p.

VOTES FOR WOMEN

And Dry Mexico is Obregun's Plan. Women to be Given Right of Suffrage

Monterey, Mexico, Sept. 10.—National prohibition is to be put into force in Mexico, and women are to be given the right of suffrage. This declaration has been made by General Alvaredo Obregon, president elect, who believes, according to information coming from Merida, Yucatan, where he made public his views and gave an interview in which he issued the two announcements, that his country will regain its lost prestige much quicker under prohibition.

According to the plan of the president elect a dry zone along the United States border, with a width of from 80 to 100 miles, will be established about 1921, while national prohibition will be delayed a year or two longer.

Women of Mexico will be granted the right to vote inside of one year, according to the plans of the new rulers of the country.

OUTBREAKS IN TRIESTE

Trieste, Sept. 9.—The outbreaks here leading to street fighting between nationalists and socialists have been resumed. Two deaths have occurred and a score of persons have been wounded.

Intermittent firing was continuing this evening, despite the fact that strong guards had been placed along the streets.

BORNE TO DEATH BY WILD HORSE

Poughkeepsie, N. Y., Sept. 10.—Warren Delano, president of the Delano Coal Co., of New York, was instanty killed at the Barrytown station in this county yesterday afternoon when his favorite horse Bell, which he had driven to the station to check a trunk for one of the guests who had been at his home, became frightened at the approach of a fast express and dashed in front of the train.

BIG
RUMMAGE SALE

And offering even greater values than were on sale the first two days, every thrifty man or woman of Alexandria is urged to visit our store before closing time tomorrow night and see the wonderful bargains that have been prepared for this week's selling.
This combined RUMMAGE and REMNANT SALE is one of the biggest we have ever held and there is no question of doubt but what it will go down in the history of the store as one of the most successful ever held. But remember—

Sale Ends at 10 P.M. Saturday---Don't Fail To Take Advantage Of It

OTHER DAYS

In the far distant other days, when man could drink his fill.
None ever dreamed the time would come, We'd see the homemade still.
In other days when lager foamed, and bubbled o'er the brim,
None ever thought that 'Home made-brew" would taste "Just right" to him.
In those halcyon other days, when I could vary mine.
I visioned not the day would come I'd be drinking "Raisin wine."
In other days, the good, "Old Rye" I guzzled night and morn,
But now alas I look and sigh, as I drink my "Boot leg" corn.
Oh happy shades of other days, when whiskey "d on me pall,
For now I gladly take a chance, on "old King (wood) Alcohol.
Alas; there's been a wonderous change and even human taste,
Fastidious in other days, lets no liquor go to waste.
—Anonymous.

Advertise your wants in the Gazette Want Column.

There is an unusually large rye crop, most of which will not attain the ultimate purpose for which a considerable number of the population think it was intended.

KIDNEY REMEDY FOR 40 YEARS
A PRONOUNCED SUCCESS

When kidney diseases have been successfuly treated for a period of more than forty years, it is reasonable to assume that the remedy therefore must possess unusual merit. Such is the remarkable record of Warner's Safe Kidney and Liver Remedy. Without its ability to give relief and benefit its users so that they would continue its use, it could not have existed 40 months, much less 40 years of its enviable record. Many letters have come to us to prove that it has been a household remedy for years and years. Here is what one grateful woman has recently written.

"I wish to say that your remedies have been used in our family for fifteen years. We are never without a bottle of Warner's Safe Kidney and Liver Remedy in our home, and it has saved many a doctor's bill. It is a wonderful medicine for all diseases of the kidneys and liver." (Signed,) Florence E. Schmidt, R. F. D. No. 1. Dunkirk, Ohio.

For the elimination of poisons due to impaired kidney action, Warner's Safe Remedy was famous for 25 years before this woman so judiciously began its effective use There are thousands of people who realize that their general health depends upon their kidneys and have found Warner's Safe Kidney and Liver Remedy a reliable family medicine. Forty years ago it was named "Safe" because it is safe absolutely; equalizing the work of both the kidneys and liver. Satisfactory results are obtained in the most severe cases, and it is sold by Gibson's Drug Store.

A sample sent on receipt of ten cents. Warner's Safe Remedies Co., Department 638. Rochester, N. Y.

NOW PLAYING

INGOMAR THEATER

The old story of the country maiden, who, longing for the bright lights, journeys to a New York hall bedroom with high ambitions and a wicker suitcase, is tempted without success, and then returns, disillusioned, to the little rural village is given a brand new and uproariously funny twist—several of them, in fact—by vivacious Dorothy Gish in her latest screen farce, "Mary Ellen Comes to Town," which will be shown at the Ingomar Theatre tonight.

RICHMOND THEATRE

After all, there is no one like William S. Hart to portray a red blooded "two gun" role in a picture about the West of the olden, golden days. Such a photoplay is "The Toll Gate," which will be shown at the Richmond Theatre tonight.

It is the first of the pictures to be released by Paramount Artcraft that were produced by William S. Hart's own company and under his personal supervision. Unquestionably it is among his best offerings.

Mr. Hart has the role of Black Deering, a slashing, hard riding bandit chief.

"The Toll Gate" was written by William S. Hart and Lambert Hillyer, and the latter directed the picture. Anna Q. Nilsson is the leading woman, and a prominent member of the cast is Mr. Hart's remarkably intelligent Pinto pony.

BLAMES WOOD ALCOHOL FOR DEATH OF NINE

(Continued from page one)

"The authorities at Edgewood went very carefully over all wood alcohol and grain alcohol which had been denaturized, but could find no evidence that any of it had been tampered with or taken, unless as stated above, it was taken from this drum.

"All the symptoms from the medical point of view indicated wood alcohol poisoning. None of the men apparently suffered any pain whatever. One died peacefully in his bunk and another was found in one of the buildings unconscious, lying on a pile of rubbish."

"The House of Kuppenheimer Clothes"

Style Mandates For Fall SAY--- WEAR CLOTH HATS

LOCKLEAR

Staged in the clouds

A thriller in which the sky's the limit.

in the **GREAT AIR ROBBERY**

THE eagle man, who smiles at Death waiting for him five thousand feet below—that's Locklear! Ride with him on an aeroplane wing-tip! Fight smugglers with him in the cloud banks! Be only fifty feet from him when, a mile in the air, he climbs from one plane to another and rescues the woman he loves from the clutches of a bandit of the skies! Never again as long as you live will you see another picture like this—the most astounding drama ever conceived by the mind of man. Now playing.

It's a UNIVERSAL PICTURE

Saturday Sept. 11th

BERGDOLL'S ESCAPE IS PUT ON GIBBONEY

New York, Sept. 10.—"Deceived and outwitted by a dastard who happened to be my client," was the explanation of the escape of Grover C. Bergoll, from two army guards in Philadelphia, was given today by D. Clarence Gibboney, counsel for Bergdoll.

Gibboney was a witness for the defense at the court martial of Sergeant John O'Hare, who was a guard in charge of Bergdoll when he set forth from his military prison on Governor's Island in search of $150,000 in gold which he said he had buried. Bergdoll was sentenced to serve years for evasion of the draft.

Wagering Ran Over 165 Millions During Deauville Season

Paris, Sept. 10.—The astounding figures revealing the extent of the gambling orgies at Deauville are available today from the report of the race track and the Casino.

The total receipts of the parl-mutuel machines, through which the race track betting was done, are $6,500,000, showing that more than $65,000,000 was wagered during the few days of the racing. Ten per cent is the sum kept.

The profits of the Casino for the season were five million dollars, indicating that a total of $100,000,000 crossed the baccarat table, the rake-off of the house being 5 per cent.

BODY WITHERS

M'Swiney's Arms Bandaged and Massage Used to Prolong Life

London, Sept. 10.—Terence MacSwiney, the hunger striking lord Mayor of Cork, is growing numb. His skin has started to atrophy, breaking out in red blotches. He is being massaged almost constantly. His arms have been bandaged. His mind remains clear. His determination to continue his hunger strike is unshaken. He has been 28 days without food.

With the signs that point to his death within the next several days the government stands pat on its death sentence.

EVEN AS EVE DID, SO DOES MRS. HYLAN

New York, Sept. 10.—Mrs. John F. Hylan, wife of New York's Mayor, has solved the servant problem by doing all the housework herself, she announced today. Her former maid became a bride last May and since that time Mrs. Hylan has personally done all the cooking, dishwashing, sweeping and dusting in New York's official first household.

"Know how to serve yourself and your own family—that is the only safe answer to the servant problem," she said. "The Judge and I wait on ourselves and each other, and like it—it's a regular picnic."

YOUR RED CROSS

The American Red Cross, by its Congressional charter, is officially designated:

To furnish volunteer aid to the sick and wounded of armies, in time of war, in accordance with the conventions of Geneva.

To act in matters of voluntary relief and as a medium of communication between the American people and their Army and Navy.

To continue and carry on a system of national and international relief in time of peace and to apply the same in mitigating the sufferings caused by pestilence, famine, fire, floods and other great calamities.

To devise and carry on measures for preventing these causes of suffering.

FIRST AID TRAINING TO MEN AND WOMEN

American Red Cross Is Teaching Hundreds of Thousands Life-Saving Methods.

The purpose of instruction in First Aid to the injured offered by the American Red Cross is to train men and women to administer First Aid treatment promptly and intelligently when emergencies demand it. First Aid treatment is not intended to take the place of a physician's service. A surgeon should always be summoned as a precautionary measure where there is an injury of any consequence, but when one cannot be secured a few minutes' delay may mean a fatality. In such a case a person trained in First Aid is invaluable not only to the individual, but through him to the community in which he lives.

There is perhaps no way of ascertaining the number of deaths or serious disablements which result from lack of proper safeguards or prompt emergency treatment. It is safe to assert they number thousands daily. There can be no doubt that the application of First Aid methods to each case would immeasurably lighten the country's toll of suffering and death.

The dissemination of First Aid training and information has already produced a farreaching and beneficial influence in the prevention of accidents on railroads, in mines and in great industrial concerns.

The benefit of a widespread knowledge of First Aid in the event of a great disaster, such as a train wreck, an explosion, an earthquike, etc., is obvious. Laymen who have had First Aid training can render efficient assistance. Many lives may depend upon such emergency care.

Red Cross First Aid work includes (1) the formation and conduct, through Red Cross chapters, of classes for instruction in accident prevention and First Aid to the injured among men and women in all communities and in every industry; (2) the introduction of courses of instruction in high schools and colleges.

The Red Cross is prepared to supply First Aid books and equipment at reasonable prices.

Every person in this country able to do so should, in his own interest, receive Red Cross First Aid instruction. Information about the course and instruction classes may be had at the nearest chapter headquarters.

RED CROSS EXTENDS RELIEF TO POLAND

More than $5,000,000 has been spent by the American Red Cross in aiding the stricken people of Poland. The organization has nursed the sick, fed the starving, clothed the naked, sheltered the homeless, schooled the children and cared for the orphans there. It has conducted a relentless fight against typhus, cholera and other terrible diseases. So today millions of men and women in that resurrected nation speak in grateful appreciation of "The Greatest Mother in the World."

Nearly 200 American Red Cross workers are now engaged in relief activities in Poland. Four large relief bases are in operation and eleven mobile units are in the field. During the last twelve months this organization was largely instrumental in the re-establishment of a million refugees at a cost for general relief of more than $1,000,000. Last winter one-half million war orphans were aided materially, and since then a series of large orphanages have been established to give them permanent care.

But for American Red Cross aid, officials of Poland declared recently, millions of people in that country would have perished of disease, exposure or starvation the last eighteen months. And the work there must be kept up for another year.

"It's Wonderful" Says Norfolk Man

Everything He Ate Disagreed With Him—Got So Nervous He Could Not Stay Still

"I feel just like a different person since I began taking Tanlac, and after what it has done for me I am glad of the opportunity to recommend it," said J. H. Daughtry, 420 West Nineteenth Street, Norfolk, Va., who has been in the employ of the Hampton Roads Paper Co., for the past fourteen years.

"For a long while I had been suffering from indigestion, and had gradually grown worse until I was in a badly run-down, weakened condition. Everything I ate disagreed with me, and after every meal my food seemed to form into a lump in my stomach. I would bloat up with gas which pressed against my heart and lungs, causing me intense pain, and it was all I could do to get my breath, I was so nervous I could not stay still, it was impossible for me to get a good night's sleep and I always got up in the mornings with a bad taste in my mouth, feeling all worn out. I was never able to eat any breakfast, only drinking a cup of coffee or glass of milk, and even this would scur on my stomach and cause me great distress. I had an awful headache nearly all the time, and always felt so sluggish, tired and worn out I just had to force myself to get around.

"Tanlac seemed exactly suited to my case, for I began to improve almost as soon as I started taking it. I now have a splendid appetite and everything I eat agrees with me perfectly. That sluggish, tired, worn out feeling has left me entirely and I can stay on the job all day long with out its troubling me the least bit. My nerves are in fine shape. I sleep well and never have a sign of headache. Tanlac is certainly a wonderful medicine, and I will always say a good word for it." Tanlac is sold in Alexandria by Edgar Warfield, jr., and Gibson's Drug Store.

YOU NEVER CAN TAME A WILD CAT

Mr. Dodson Warns Against Use of Treacherous, Dangerous Calomel

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides it may salivate you, while if you take Dodsons Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless pleasant and safe to give to children they like it.
